Preface

Technical Committees and Task Groups

AIR-CONDITIONING AND HEATING SYSTEMS

- S01. HVAC System Analysis and Selection
- S02. Building Air Distribution
- S03. In-Room Terminal Systems
- S04. Central Cooling and Heating
- S05. Decentralized Cooling and Heating
- S06. Panel Heating and Cooling
- S07. Cogeneration Systems and Engine and Turbine Drives
- S08. Applied Heat Pump and Heat Recovery Systems
- S09. Design of Small Forced-Air Heating and Cooling Systems
- S10. Steam Systems
- S11. District Heating and Cooling
- S12. Hydronic Heating and Cooling System Design

- S13. Condenser Water Systems
- S14. Medium- and High-Temperature Water Heating Systems
- S15. Infrared Radiant Heating

AIR-HANDLING EQUIPMENT

- S16. Duct Construction
- S17. Air-Diffusing Equipment
- S18. Fans
- S19. Evaporative Air Cooling Equipment
- S20. Humidifiers
- S21. Air-Cooling and Dehumidifying Coils
- S22. Desiccant Dehumidification and Pressure Drying Equipment
- S23. Air-Heating Coils
- S24. Air Cleaners for Particulate Contaminants
- S25. Industrial Gas Cleaning and Air Pollution Control

More . . .

2000 HVAC Systems and Equipment

(I-P Edition)

HEATING EQUIPMENT

- S26. Automatic Fuel-Burning Equipment
- S27. Boilers
- S28. Furnaces
- S29. Residential In-Space Heating Equipment
- S30. Chimney, Gas Vent, and Fireplace Systems
- S31. Unit Ventilators, Unit Heaters, and Makeup Air Units
- S32. Hydronic Heat-Distributing Units and Radiators
- S33. Solar Energy Equipment

GENERAL COMPONENTS

- S34. Compressors
- S35. Condensers
- S36. Cooling Towers
- S37. Liquid Coolers

- S38. Liquid Chilling Systems
- S39. Centrifugal Pumps
- S40. Motors, Motor Controls, and Variable-Speed Drives
- S41. Pipes, Tubes, and Fittings
- S42. Valves
- S43. Heat Exchangers
- S44. Air-to-Air Energy Recovery

UNITARY EQUIPMENT

- S45. Unitary Air Conditioners and Unitary Heat Pumps
- S46. Room Air Conditioners, Packaged Terminal Air Conditioners, and Dehumidifiers
- S47. Engine-Driven Heating and Cooling Equipment
- S48. Codes and Standards

INDEX
