This Software Evaluation License Agreement ("Agreement") is a legal agreement between the Evaluator (either an individual or a single entity) and Intergraph Corporation, doing business as Hexagon PPM (hereinafter referred to as "PPM"). Evaluator should carefully read the following terms and conditions before installing the proprietary software product and related "on-line" or electronic documentation (hereinafter the "Software" or "Product").

The Product can only be installed, loaded, and operated in accordance with the terms and conditions of this Agreement. Except as may otherwise be prohibited, opening, loading, or operating the Product indicates Evaluator's acceptance of this Agreement, and Evaluator's agreement to use the Product in accordance with the following terms and conditions. If Evaluator does not agree with the following terms and conditions, Evaluator should promptly return the media package unopened.

PPM herein offers to permit Evaluator to engage in trial use of the Product for a certain period to permit Evaluator to evaluate the Product. Evaluator wishes to receive the Product for the purpose of conducting this trial use. Accordingly, the parties agree as follows:

1. PPM hereby grants to Evaluator a non-exclusive, non-transferable limited license to use the Product for a limited time for the sole purpose of evaluation subject to the terms and conditions of this Agreement. Evaluator is not authorized to use the Product for development or production purposes.
2. Ownership: Evaluator shall have no ownership interest in the Product by reason of this Agreement. Evaluator may not decompile, disassemble or otherwise reverse engineer the Product. Title and all rights of ownership in and to the Intellectual Property Rights and the Product, including all technology, associated documentation, data and information, are and shall remain vested in PPM or a Hexagon Group Company. Hexagon Group Company means a company controlled directly or indirectly by Hexagon AB, a Swedish corporation. Evaluator shall not use, distribute, copy, perform, amend, alter, modify, exploit, sublicense, or assign the Product, or any of PPM's, a Hexagon Group Company's, or relevant third party's Intellectual Property Rights (or permit such to occur) except as expressly permitted by this Agreement.
3. The Evaluator shall provide interviews and reports as requested by PPM concerning its opinion and evaluation of the Product. Evaluator shall regularly consult with representatives of PPM concerning the performance of the Product. PPM shall have the right to use any of the reports, information, and evaluations furnished to it by Evaluator in any manner whatsoever and without any limitations.
4. The PPM Product is designed to operate with an authorized key supplied by PPM or its authorized representative. The PPM Product will be automatically deactivated on the expiration date delivered with the evaluation key.
5. PPM shall have the right to terminate the license any time at the sole discretion of PPM.
6. There will be no charge by PPM for Evaluator's limited use of the Product.

7. **Nondisclosure:** Evaluator acknowledges that the Product and Product information, data and technology is confidential in nature, is a proprietary product of PPM, a Hexagon Group Company, and relevant third parties, and is protected by copyright law and international treaty. Therefore, Evaluator shall not disclose, directly or indirectly, or take any action that would result in the disclosure of any confidential or proprietary data whatsoever, including, but not limited to, reproduction of data, software, or information furnished to Evaluator. Evaluator acknowledges that Evaluator holds no right, title, privilege or interest in the Product, information, or software furnished pursuant to this Agreement. Evaluator shall not discuss or disclose to any party other than PPM the terms of this Agreement, product information, nor the results of any evaluation, except with the prior written consent of PPM.

Evaluator agrees to take the appropriate measures to protect the confidential and proprietary nature of the Product, but in no case will the measures be less effective than those measures used to protect Evaluator's own proprietary data and/or software.

8. **Disclaimer of Warranty:** PPM MAKES NO REPRESENTATIONS OR WARRANTIES WITH RESPECT TO THE PRODUCT, WHETHER EXPRESS OR IMPLIED, REGARDING ITS USE OR PERFORMANCE AND MAKES NO REPRESENTATIONS OR WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. EVALUATOR ACCEPTS THE PRODUCT IN AN "AS IS" CONDITION WITHOUT WARRANTIES OF ANY KIND. IF THIS DISCLAIMER OR ANY PORTION THEREOF RENDERS ANY PORTION OF THIS DISCLAIMER INVALID UNDER THE PARTICULAR LAWS OF THE JURISDICTION IN WHICH THIS LICENSE IS GRANTED, THEN PPM HEREBY DISCLAIMS ANY EXPRESS OR IMPLIED WARRANTIES TO THE MAXIMUM EXTENT ALLOWED BY THE LAWS OF SAID JURISDICTION.
9. **Limit of Liability:** IN NO EVENT SHALL PPM OR A HEXAGON GROUP COMPANY BE LIABLE FOR ANY DAMAGES ARISING OUT OF, OR IN CONNECTION WITH, THE USE OF THE PRODUCT, INCLUDING BUT NOT LIMITED TO ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR CORRUPTION OR LOSS OF DATA.
10. Upon expiration or termination of the license herein granted, Evaluator shall return to PPM all copies of the Product and any other data furnished by PPM in connection herewith. In addition, Evaluator shall return to PPM or destroy all reports or evaluations of the Product.
11. Upon expiration of the term of the license herein granted, including any extensions thereof, Evaluator shall have the right to license the Product from PPM at the standard prices and terms published by PPM. However Evaluator will be under no obligation to purchase, lease, or license the Product by reason of this Agreement.
12. This Agreement and the license contained herein shall not be assignable by Evaluator without the express written consent of PPM.
13. Evaluator's obligation to maintain confidentiality, all disclaimers of warranties, and limitations of liability set forth in this Agreement shall survive the termination of this Agreement.
14. This Agreement supersedes all prior agreements, whether written or oral, concerning the subject matter herein, and may not be amended or modified except by written consent of both parties.
15. Should you have any questions concerning this Agreement, you may contact your local PPM office or write Hexagon PPM, 305 Intergraph Way, Madison, Alabama 35758.
16. **Dispute Resolution:** For any controversy or claim that may arise out of or in relation to this Agreement or with respect to breach thereof, the parties agree to initially seek to solve the matter

amicably through discussions between the parties' points of contact as listed herein. Should the parties fail to resolve such controversy or breach by amicable arrangement and/or compromise within thirty (30) days of the notice of dispute, such dispute should be escalated to parties' upper management. Should the parties fail to resolve such controversy, claim, or breach by amicable arrangement and/or compromise within thirty (30) days of the dispute being brought to the attention of parties' upper management, then the parties may, at their sole discretion, seek resolution through non-binding mediation. If either party is not satisfied with the result of the non-binding mediation, such party may seek legal recourse through the courts in the jurisdiction chosen herein. No party may commence litigation in relation to any dispute arising out of this Agreement until it has attempted to settle the dispute by negotiation and mediation, and the mediation has terminated, or the other party refused to participate in the mediation. Any time period stated in this Section may be reduced for the sole purpose of avoiding the expiration of the Statute of Limitations for the event made the basis of the controversy.

17. **Governing Law and Jurisdiction:** This Agreement shall for all purposes be construed and enforced under and in accordance with the Laws of the State of Alabama and shall have been deemed to have been executed in Huntsville, Alabama. The parties agree that any legal action or proceeding relating to this Agreement shall be instituted in the Circuit Court for Madison County, Alabama or the United States District Court for the Northern District, Northeastern Division, of Alabama, USA. The parties agree to submit to the jurisdiction of, and agree that venue is proper in these courts in any such legal action or proceeding. 19. Neither party will use the name of the other party in connection with any advertising or in any publication concerning the subject matter of the Agreement without prior written permission.
20. Data Protection: PPM will take measures to stop unauthorized use of its software products. In this connection, the software product may include security mechanisms that will be able to detect installations and/or use of infringing copies of PPM's products, and data relating to such illegal or infringing use of the software products may be transmitted to PPM. This transmission occurs only when there is an illegal or infringing use of the software product. The transmission contains only data related to an infringing or illegal use and does not contain other Evaluator owned data. By using the software products, Evaluator agrees and consents to such collection of data as well as the transmission to PPM thereof.

SmartPlant® License Manager has functionality which allows Evaluator to upload data to a website to obtain detailed usage reports. By uploading such data Evaluator represents that the uploading of said data is in compliance with applicable data protection laws.

21. Open Source Software: Some software products may contain Open Source Software, which is licensed pursuant to the terms of the applicable open source license agreement. Nothing contained in this Agreement shall restrict any rights provided specifically for any Open Source Software by the open source licensor; however, any rights that are broader than those granted in this Agreement shall be applicable solely to the Open Source Software component. Additional open source license information may be found in the About Box or Readme Files of the applicable software product.

ANY OPEN SOURCE SOFTWARE IS PROVIDED "AS IS", WITHOUT WARRANTY OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. IN NO EVENT SHALL PPM, THE AUTHORS OR COPYRIGHT HOLDERS OF THE OPEN SOURCE SOFTWARE BE LIABLE FOR ANY CLAIM, DAMAGES OR OTHER LIABILITY, WHETHER IN AN ACTION OF CONTRACT, TORT OR OTHERWISE, ARISING FROM, OUT OF OR IN CONNECTION WITH THE OPEN SOURCE SOFTWARE OR THE USE OR OTHER DEALINGS IN THE OPEN SOURCE SOFTWARE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE OPEN SOURCE SOFTWARE PROGRAM IS WITH EVALUATOR. SHOULD THE OPEN SOURCE SOFTWARE PROVE DEFECTIVE, EVALUATOR ASSUMES THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

NOTWITHSTANDING THE LIMITATION OF DAMAGES STATED ABOVE FOR PPM SOFTWARE PRODUCTS, IN NO EVENT WILL PPM, ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MODIFIES AND/OR CONVEYS THE OPEN SOURCE SOFTWARE AS PERMITTED UNDER ITS LICENSE, BE LIABLE TO EVALUATOR FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE OPEN SOURCE SOFTWARE (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY EVALUATOR OR THIRD PARTIES OR A FAILURE OF THE OPEN SOURCE SOFTWARE TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF PPM, SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

If the disclaimer of warranty and limitation of liability provided above for the Open Source Software cannot be given local legal effect according to their terms, reviewing courts shall apply local law that most closely approximates an absolute waiver of all civil liability in connection with the Open

Source Software, unless a warranty or assumption of liability accompanies a copy of the Open Source Software in return for a fee.

Nothing in the immediately foregoing clauses affects any stated warranty in this Agreement with regard to the Software Products(s) as a whole.

22. Severability: Whenever possible, each provision of this Agreement and each related document shall be interpreted in such a manner as to be effective and valid under applicable law. However, if any provision of this Agreement or any related document shall be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity without invalidating the remainder of such provision or the remaining provisions of this Agreement or such related document.
