3. List of HVAC General Specifications.....	4

1. Scope

This document gives the titles and the references of general specifications to be used for the design, fabrication, testing, installation and commissioning of HVAC equipment and systems.

For particular applications these general specifications may be supplemented by particular project specifications.

2. Reference documents

The reference documents listed below form an integral part of this General Specification. Unless otherwise stipulated, the applicable version of these documents, including relevant appendices and supplements, is the latest revision published at the EFFECTIVE DATE of the CONTRACT.
